

## SHANE DRIVER, AUTHOR OF *BROKEN*

After a difficult youth, Shane Driver decided he wanted more out of life and enrolled at college. He earned a business diploma and then, deciding to follow his father's path, he pursued a marketing diploma and a career in sales. His studies were interrupted when his father died unexpectedly.

Work in sales left Driver uninspired. He resolved not to spend his life working in a career he hated, as his father had, and enrolled at the University of Toronto, where he found his passion—writing.

Shane Driver is now pursuing a career doing what he loves.
